

Open Source - Web-Based and Mobile Survey Tool for the Collection of Real-Time Data in the Field

★ USER GUIDE ★

The Web-Based and Mobile Survey Tool is committed to disclosing the exact geographic location of schools and taking stock of basic infrastructure conditions and presence of teachers and students. The tool may also be used for other verticals that could benefit from real-time data collection.

Map of Schools

Schools Map Page

INTERACTIVE MAP

The interactive map enables the user to zoom in to the actual locations of schools or their approximate locations based on their Municipality.

RATIO OF ACCURACY

Visualize the number of accurately plotted school locations against approximate locations in Regions.

School Profile
